BIG STRIKE IS ON

SWITCHMEN IN PITTSBURG
HAVE QUIT WORK.

INCREASED WAGES WANTED

THE FORT WAYNE ROAD NOT
AFFECTED BY STRIKE.

DETECTIVES ON THE GROUND

BOTH SIDES CONFIDENT OF WIN-
NING OUT.

Pittsburg, Pa., Nov. 26.—A strike for increased wages of all switchmen belonging to the Switchmen's Union of North America in the Pittsburg district was inaugurated this morning. Reports have not been received from all the yards, but the officials of the union say it affects every road entering Pittsburg except the Pittsburg, Fort Wayne and Chicago and Pittsburg, Cincinnati, Chicago and St. Louis, and all private individuals and corporations. There are between six hundred and one thousand members of the local organization and the union officials claim that the response was general.

In their demand the switchmen asked for the enforcement of the standard scale of wages. This calls for 27 cents an hour for day foremen and conductors, the night men to receive two cents more per hour, their work being more difficult and dangerous. Under the new schedule the day helpers and brakemen are rated at 25 cents an hour and the night men at 27 cents. The switchmen claim that the tonnage handled by them in this city is much greater than that handled by other men in other cities.

Whether the strikers will secure the support of other railroad men cannot be learned at this time. The officials of the union claim the other railroad organizations cannot, if they adhere to the principles laid down by their organizations, conscientiously oppose them. It has been stated by W. G. Lee, first vice master, that the Brotherhood of Trainmen is not in favor of the strike and will not endorse it.

EFFECT IS WIDESPREAD.

It is learned that the strike not only affects Pittsburg, but McKees Rocks, McKeesport, Braddock and adjacent territory. Its influence will probably be visibly felt by mill owners throughout the state. Following the big steel strike so closely the present trouble is quite likely to interfere materially with shipments. But the railroad officials believe they will be able to cope with the situation, and that with the assistance of the brotherhood traffic will not be materially affected. There has not, however, been a time in the history of the city when traffic in and out of Pittsburg was so heavy. The yards are badly crowded now. The strikers say they are overworked on this account and that they are forced to work overtime to keep cars in motion.

THE FORT WAYNE NOT IN IT.

The Switchmen's union does not have members in the Pittsburg, Fort Wayne and Chicago and Pittsburg, Cincinnati, Chicago and St. Louis yards and business was reported as going on as usual there.

Special trains with detectives arrived from the east and west last night and the detectives are on duty about the yards today. The newcomers are a silent lot and it is impossible to get them to talk. None of the officials would say anything about the men and it is possible many are switchmen instead of detectives.

INJURIES MAY BE FATAL.

Franklin Pequinot, residing in Perry township, received injuries in a fall from his haymow on Sunday, that may result fatally. Mr. Pequinot was getting down hay to feed his horses and accidentally fell through a trap door, falling a distance of nearly fifteen feet. His right arm and three ribs were broken, and it is believed that he sustained severe internal injuries. Mr. Pequinot is a pioneer resident of Allen county and is very well known and highly respected. The severe nature of his injuries, together with his advanced age, make his recovery a matter of doubt.

TELEPHONE MEN MEET.

Representatives of three telephone companies are in session at the offices of the National Telephone and Telegraph company this afternoon endeavoring to arrange a system of

tariff arrangements between the three of interests. Those present include H. H. Robinson, of Cleveland, representing the United States Telephone company; H. B. Sale, of Indianapolis, representing the new long distance company, and G. F. Trier, of the National company.

IN A HEAD-ON COLLISION

THESE TWO DIVORCE SUITS ARE
APT TO MIX.

William Shotemeyer, Who Has Com-
plaint Pending, Summoned to
Kansas in Wife's Case.

Sheriff Stout today received an order commanding him to summon William R. Shotemeyer to answer in the Russell county court, Kan., on or before the 25th day of January next, to complaint for divorce preferred by his wife, Annie Shotemeyer. The summons was dated on the 22nd of this month. On September 16 of this year the defendant in this case filed a petition for divorce from Annie Shotemeyer, in the Superior court of this county. In his complaint the plaintiff averred that his wife had left him and gone to Russell, Kas., where a man of whom she was enamored resided. He alleged that in his presence she frequently sat on the other fellow's lap and allowed him to caress her in an unseemly manner; that she told him she did not love him and that she would not live with him, and preferred the society of the other fellow. Just what will happen when these two divorces meet in a head-on collision is a matter of conjecture to Mr. Shotemeyer and his friends.

THE COURT NEWS.

Anna B. Larimore has qualified as guardian of the minor children of the late Eli E. Larimore.

Sheriff Stout has arranged for a Thanksgiving dinner for the inmates of the jail. The bill of fare will include turkey, cranberry sauce and mashed potatoes. In addition each of the sheriff's deputies will have a family turkey at the sheriff's expense.

The supreme court today denied the application of Samuel B. Alden to transfer the case in which Martin Blum, as administrator or executor, was the original plaintiff.

The case of Dickey vs. Hanna went to the jury yesterday afternoon and this morning returned a sealed verdict finding for the defendant.

The case of the American Soda Fountain company vs. James Fox is on trial in the superior court before a jury.

The circuit court will be in tomorrow and will hear the evidence in the case of McDonald vs. Didier, the only case on the calendar for tomorrow.

The transcript in the case of Spice vs. Shane, appealed from France's court, has been filed in the circuit court.

The commissioners will meet again tomorrow to transact miscellaneous business.

BURIED IN RUINS

SCORES KILLED AND INJURED
IN FACTORY WRECK.

TERRIFIC BOILER EXPLOSION

BUILDING REDUCED TO HEAPS
OF DEBRIS.

NO CHANCE TO MAKE ESCAPE

KNOWN DEAD ARE SIXTEEN
AND WILL BE MORE.

Detroit, Mich., Nov. 26.—At least half a hundred men who began their day's work in the factory of the Penberthy Injector company are victims of an explosion of the large boiler situated in one end of the structure in which they were at work. Of these sixteen are known to be dead and the bodies of several others are believed to be beneath the debris.

The boiler was located in one end of a three story brick building 54 by 100 feet in size. That structure was instantly and completely reduced to a mass of burning ruins. The only men on the first floor, which was largely utilized as a store room, were the engineers, firemen and some workmen who were making alterations. All of these were either killed or badly maimed. On the second floor were 75 finishers; on the third were 75 brass moulders. Just how many escaped from this building is not yet determined, but up to 1 o'clock 38 injured had been taken to hospitals and twelve dead bodies had been gotten out of the debris.

THE DEAD.

The known dead are:

John Frey.

Mike Ronger.

Stephen Crisp and thirteen unidentified

bodies.

THE INJURED.

The injured are as follows:

T. D. Crowley, Wm. Begeman, Ju-

lius L. Lebetret, George Raymond,

Fred Klein, Del Raymond, Lewis

Miller, Michael Denanger, George

Belchlin, Max Turkewicz, Lewis

Vaina, Willie Ager, Frank Bowca-

ski, Herman Goldner, John Hueforn,

A. T. Gridley, Anthony Walker, John

Schiedille, William Knapp, John

Heilmeier, Herman Goldner, A. T.

Gidday, one man unknown, James

Nall, John Vogt, three unknown,

John Dingle, Samuel Kolpe, Bert

Dixon, Ignatius Brock, aged man

known at the factory as "No. 64,"

Burt Martin, August Hendraen, Ste-

phen Machigal, Gus Galley, Samuel

Riley, engineer.

HARROWING SCENES.

The ruined building was separated

from the other portion of the fac-

tory by an alleyway. A portion of

the wall of the second building was

blown in, but none of the inmates

were seriously hurt. Samuel Riley,

the engineer, was taken from the

ruins an hour after the explosion.

He had been pinned under a heavy

shaft and beam, his face was cooked

by the flames and he was badly in-

jured. He was, however, still alive

to give any light on the cause of

the disaster. The usual scenes of

weeping relatives, of employees strug-

gling to get close to the central

point in the harrowing spectacle were

enacted and for hours strings of am-

bulances were busy carrying away

the victims.

A gang of public works employes

worked at removing the hot debris

as rapidly as possible and a great

crowd of spectators was roped back

from the vicinity, the intersection of

Abbott and Seventh streets. The

bulk of the sufferers were rushed to

Emergency hospital four blocks dis-

tant. Their injuries ranged from

slight to probably fatal.

ROLLERS WERE INSPECTED.

Hugh Guy, city boiler inspector,

says that his office force inspected

the boilers in the Penberthy plant

on July 5 and 17 last. There were

Lang, of Paducah, Ky., a brother of

the groom. The young couple will

take up their residence in a new

home on Fairfield avenue.

REV. DR. MCGAW'S SERMON.

Rev. J. A. P. McGaw spoke at the Third Presbyterian church last evening on "Man Lost." He took for his text Luke, 19-10, "The Son of Man is come to seek and to save that which was lost." He said that the very fact that Christ came to save the lost was sufficient proof that man was in a lost condition. If he had been able to save himself there would have been no need that Christ should come to this world as a Savior. The whole race of man is fallen. The stream of humanity was poisoned at the fountain. The taint of sin is in the blood. Every human being who has come to the age of moral accountability has repeated the transgression of Adam. The Scriptures teach that men are by nature dead in sin and can only be raised to life by the power of God. There was a very good attendance at the meeting. The subject of discourse tonight will be "Man Sought."

ABOUT THE CITY HALL.

The water works trustees, the mayor and the council committee on water works met last evening in joint session to read Engineer Hoyt's two-thousand-dollar report and to incidentally inquire concerning things of Mr. Hoyt himself, he having notified the authorities that he would be here without fail last night. After waiting and waiting and waiting, like the girl in the gloaming, and Mr. Hoyt still failing to put in an appearance, the meeting adjourned, each member carrying away with him a concentrated opinion of Engineer Hoyt that would not work well through an ordinary newspaper press. The council committee, in the absence of the report, concluded to recommend to the council tonight the conclusions of the citizens' committee and the trustees and endorse the steps already taken. When Engineer Hoyt's famous \$2,000 document finally comes to hand it will be a very handy thing to cut into strips and twist into cigar lighters. Rather expensive, to be sure, but some good could be got out of it.

J. M. Henry has been granted a

permit to erect a house on Jefferson

Park addition, to cost \$2,500.

The council will meet in regular

session this evening. Since the whole

interurban proposition has been

ditched the councilmen won't have

much to do until the meadow larks

come again.

With the approach of winter the

business of the board of works at

regular sessions grows proportionately

lighter. At the session yesterday

nothing of new importance was pre-

sented. The assessment roll for the

alley improvements from Ewing to

Fulton street, between Wayne and

Washington, was approved and an

application was received, but not ac-

cepted upon; from Superintendent Mc-

Kim, of the Pennsylvania road, ask-

ing for permission to lay an addi-

tional track on its right of way

across Fairfield avenue. The board

decided to ask for an additional ap-

propriation of \$500 to be used in

placing the streets in first class con-

dition before the winter sets in. It

will probably be remembered that

last winter the streets were in a

filthy and consequently terrible san-

itary condition during all the winter

and that there was not more malarial

disease was pure good fortune and

not owing to the absence of the nat-

ural causes.

RECEIVE THE FIRST DEGREE.

Twenty-five candidates received

the first degree in Knights of Co-

lumbus hall last evening and the ex-

ercises were followed by a social

session and refreshments. An im-

prompt program was given, and

addresses were made by Hon. W. P.

Breen, Rev. P. J. O'Reilly and Rev.

Thomas Mungovan. Attorney Charles

Niezer responded in behalf of the

candidates. The Knights will confer

the first, second and third degrees on

a big class of candidates on January

26, and delegations from surround-

ing cities will take part in the cere-

monies. It is probable that some of

the supreme officers will be present.

FATHER BALL HERE.

Rev. Germain Ball, a director of

St. Vincent's college at Latrobe, Pa.,

is in the city for a few days the

guest of his mother on West Main

street. Father Ball is a former resi-

dent of this city, and is very well

known here. As a director of St.

Vincent's college he occupies an of-

ficial position in one of the greatest

of the Catholic educational institutions

of America.

W. T. ABBOTT DEAD

FORMER COUNTY AUDITOR EX-
PIRED THIS MORNING.

WAS A PIONEER MERCHANT

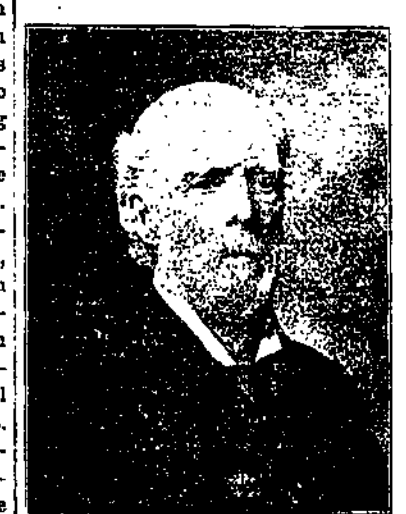

WHO CAME TO FORT WAYNE AT
AN EARLY DAY.

LONG A PROMINENT CITIZEN

HAD BEEN IN FAILING HEALTH
FOR SEVERAL YEARS.

William T. Abbott, a pioneer merchant, ex-auditor of Allen county and for many years a widely known citizen, died at 3:30 o'clock this morning at his home, 155 Ewing street, at the age of 73 years.

During many years of his career Mr. Abbott was a prominent citizen of this city, but with advancing age

ty Auditor, Who Died Today.

came impaired health and during the

past few years he has been living a

life of quiet retirement. Five years

ago Mr. Abbott suffered an attack of

apoplexy, and since that time he has

been in frail health. During the past

few months his decline had become

more pronounced, and friends have

for some time realized that the end

could not be long deferred. The aged

man was able, however, to be about

the house and to take occasional

short walks until but a few days ago.

Saturday evening he retired to his

bed, never to rise again, and sank

into an unconsciousness that ended

in his peaceful death this morning.

Mr. Abbott had been a resident of

Fort Wayne for considerably more

than forty years. He was born at

Farmington, Maine, May 2, 1828,

grew to manhood there and was uni-

ted in marriage to Miss Brenda Whit-

tier.

FINE DISPLAY OF PICTURES

ANNUAL ART EXHIBIT OPENED
MONDAY EVENING.

Wayne Club Walls Resplendent With
the Work of Many Famous
Artists.

Under the auspices of the Fort Wayne School of Art the annual art exhibit opened Monday evening, and many visitors thronged the rooms of the Wayne club to enjoy the splendid display of pictures presented by the Anderson Art company, of Chicago. The enlarged quarters makes possible a larger and more effective display than those heretofore given in the old library building, and the picture lovers will revel this week in a study of the work of many of the masters of art.

Nearly every room of the club building is utilized in the display, which is in charge of Messrs R. R. Ricketts and Joseph Reinboth, of Chicago. In the ladies' reception room are a number of very beautiful pictures in oil. The most valuable works in the collection are hung in the club salon, effectively displayed against a background of deep red and many of them will be especially admired. The display of canvases in the ladies' parlor is a charming one, while the rooms devoted to water colors and representative work of the Dutch school are attractive. A magnificent portrait in oil of the late President McKinley is prominent in the library room, while another apartment is devoted to a collection of reproductions of some of the most famous paintings in the world. There is an unusually elaborate display of etchings, many of them of exceptional merit, in the ball room upon the third floor. The entire display is artistic and pleasing, and will amply repay a visit. The exhibit will be continued during the present week.

THE DEATHS.

GUILF.

Paul Guilf, a young man of Perry township, died at 7 o'clock Monday evening from lung trouble at his home seven miles north of the city. Mr. Guilf's age was 22 years, 6 months and 29 days. He had been in feeble health for some time, and but three weeks ago returned from a trip to the west, where he hoped to receive benefit.

Deceased was a son of the late Paul Guilf, who died about a year ago. The surviving relatives include the mother, two brothers and three sisters, Frank and Joseph, Mrs. Josephine Martin, Mrs. Clary Sordet, of this county, and Mrs. F. H. Tobey, of Mancelona, Mich. The funeral services will be held Thursday morning from the Catholic church at St. Vincent.

FUNERAL ANNOUNCEMENTS.

July.—Funeral services of Louis July will be held Wednesday afternoon at 1:30 from the residence, 112 St. Mary's avenue, and at 2 o'clock from Trinity Lutheran church, Rev. Bohm officiating.

WEDDED AT AUBURN.

Miss Emma J. Campbell, of this city, and Charles Drake, of Michigan, were united in marriage at Auburn November 20, and went at once to Garrett, where they have begun housekeeping. The bride is well known in Fort Wayne, and has many friends. She was for several years an employee of the Foster Waist factory on Columbia street, and won the belt presented by the Fort Wayne Gazette to the young lady completing the greatest number of buttonholes in a single day.

NEWS OF THE POLICE.

John J. Houlihan, of 119 Williams street, was arrested last night for drunkenness, was locked up on general principles and this morning was fined \$5 and costs for public intoxication. When sober he has the reputation of being a good fellow and a good workman, but when drunk he seems to charge all the evils of life to his family and becomes abusive. This was his first appearance in police court, although he has had previous trouble with the humane officer. Judge Loutitt in imposing the fine said that he had not much use

IS THIS SO?

FORT WAYNE PEOPLE CAN
DECIDE.

You would not accept the word of an utter stranger as readily as that of a person whom you know. The following statement is made by a citizen, perhaps a neighbor. Read it:

Mrs. J. Sharping, of 101 High street, now living at the corner of Gay and Clayton streets, says:

"After trying many different remedies for my backache which was brought on by kidney complaint, I decided to give Doan's Kidney Pills a trial. I had read much about them and went to Meyer Bros. & Co.'s drug store and got a box. I could feel the effects of their use from the first dose, and at the end of a week my backache was all gone. I could stoop as well as ever and felt strong and well."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no substitute.

for a man who abused his family and that if he ever came before him again he would double the fine and continue to double it in arithmetical progression every time he came before him, so that if he kept up his grudge very long he would soon find himself enjoying a life of uninterrupted seclusion.

The case of the young man Fuchs was not called this morning, no appearance having been entered for him. A new warrant will have to be served.

Half a dozen young men out on a "hurry" picked up a lot of display crockery at Kaag's, on Columbia street, last night, and proceeded down street with it, breaking it against doors and throwing it into saloons. After their stock was exhausted they went down to Superior street, where they found a milk wagon in front of a repair shop. They upset that and were about to continue their depredations when Officer Elliott put in an appearance and the young men took to their heels. Only two of them are known, but the officers think they can identify the whole bunch, after which arrests will follow.

has risen rapidly to great success, because people are quick to appreciate real merit, and when a medicine has an unbroken record of cures covering all diseases of the blood, nerves, liver and kidneys; rheumatism, dyspepsia and indigestion, the public know that there is something unusual and different about this great Remedy, and that all other medicines drop into insignificance beside it. We pay back your money if you are not benefited.

INSURED.

YOU insure your house against fire. You know what people would say if it burned down without insurance. They would say you were wanting in business sagacity, that you should have provided for this. Now leave house insurance and consider clothing insurance. Here the danger is even greater—not from fire, but from the chemicals and strong soaps used in the laundry. Wise women insure their finer, more delicate and perishable things against this risk, and the premium they pay is the trifling cost of Ivory Soap. That guarantees protection.

RETURNS FOR HOLIDAYS.

Congressman Robinson will leave Thursday evening at 7:45 o'clock for Washington to take up his official duties, but will return for the Christmas holidays at the close of the short session. Mrs. Robinson will not accompany him on the present trip, but will go to Washington with her husband on his return early in the new year. Mr. Robinson's mother will remain in Fort Wayne, as the Washington climate is not healthful for her.

WHAT CAUSES DEAFNESS.

The Principal Cause is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh. The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness. If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty-cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers, as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Guaiacum, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat. As one physician aptly expresses it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken." All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on "sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.

Bald?

Then you starved your hair. What did you do that for? When you saw that your hair was falling out, why didn't you use Ayer's Hair Vigor? It feeds the hair, gives it vigor, stops it from falling, makes it grow, and always restores color.

"I was almost bald before I began using Ayer's Hair Vigor. In a short time my hair all came in again, and now it is thick and heavy."

The submarine torpedo boat Fulton's feat of remaining on sea bottom for fifteen hours is worth remarking, but it should be borne in mind that Hon. Adlai Stevenson's boat has been below the surface a good deal longer than that.

The difficulty Indiana's two United States senators are having in coming to agreement upon some one to recommend for appointment to the United States circuit judgeship made vacant by the death of William A. Woods could be admirably settled by choice of Judge Robert S. Taylor, of this city.

The board of works have asked for \$500 to put the streets of Fort Wayne in condition before winter settles down and makes street cleaning impracticable. There is sense in the demand for money. The streets need cleaning badly and the work ought to be done as soon as possible. And while the board has this matter near its heart, it might go another step and make an effort to get some of the more filthy of the alleys cleaned. This is especially necessary in the down town district where debris and filth accumulate rapidly. Some of the alleys in the

business district are in a very dirty condition.

Sir Thomas Lipton has announced that if no other British yachtsman cares to try it he will make another essay to life the America's cup. As long as Sir Thomas appears willing to pay the price of such attempts, other British yachtsmen will doubtless be willing that he shall have the opportunity and all the glory it may yield. Meanwhile, Americans will always be glad to welcome Sir Thomas, whether he be cup-hunting or on any other errand.

A RICH STRIKE.

NO MINER EVER MADE SO RICH A STRIKE, SO PREVIOUS TO RESTLESS SLEEPLESS ONES AS DR. A. W. CHASE'S NERVE PILLS.

Inability to obtain refreshing sleep is the bane of many lives. The first and only medicine known to medical science that overcomes this trouble is Dr. A. W. Chase's Nerve Pills. There is a multitude of attending symptoms that vanish when restful sleep is obtained—morning languor—exhaustion on exertion—flagging appetite—poor digestion—palpitating heart—trembling hands and limbs—restlessness—irritable spells. It is easily understood why Dr. A. W. Chase's Nerve Pills dispel the symptoms when you consider their unequalled power, in restoring broken nerve circuits.

Mr. W. H. Green, of No. 76 Lafayette street, Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills are excellent. I was debilitated, nervous, appetite flagging and felt below my usual standard of health. The Nerve Pills, however, that I got at Meyer Bros & Co.'s drug store, No. 14 Calhoun street, proved to be just what I needed. I find my appetite good, nerves steady, sleep restful and a general feeling of well being and energy in evidence. I am very much pleased with the medicine as a nerve and general tonic and glad to say so."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

ATTRACTIVE CHRISTIANITY

SUBJECT OF EVANGELIST BIEDERWOLF'S SERMON.

Christian Characteristics That Go With Christian Acts for the Salvation of Souls.

Bethany Presbyterian church was fairly well filled last evening and Evangelist Biederwolf preached a logical sermon, taking as his text a portion of Luke 14-23, "Go out into the highways and compel them to come in." He said in part:

"A certain rich man prepared a feast and bade his friends come. They with one accord commenced to excuse themselves, and the host, becoming disgusted, bade his servants go out and bring in the people off the street to partake of the feast. God has prepared a feast of grace and love and His servants must go out into the highways and compel people to come in and partake of it. Christian activity and service can compel people to come to God. There are two kinds of saints in the world. One shuts himself up in cloister and cell and is wrapped up in himself, and the other goes out amongst the people and takes their troubles upon himself. We should borrow trouble. The time comes when every soul needs human aid and sympathy and that is the time that the trouble should be borrowed. There is too much cold formality in the churches of today and many are driven away because they are not made welcome. The church should be made attractive."

"Now, about Christian character. In the seventh chapter of John Jesus says, 'Out of the man who believes in Christ would flow streams of living waters.' The Holy Spirit in that man's soul overflows and goes out in rich moral influence. Your influence on those about you is wide. You can help a man either up or down."

"Christian cheerfulness is a characteristic which will be helpful in bringing souls to Christ. Do not look on the dark side of things. A happy, cheerful disposition and a smile and a helping word for others in time of trouble may do more toward the redemption of a soul than a dozen sermons."

The music at the evening meetings is a feature worthy of special mention. The singing evangelist, Harry Maxwell, has a fine tenor voice and his singing is full of expression. He is ably supported by the chorus choir, composed of about twenty-five young people, under the instruction of Prof. Miles.

Evangelist Biederwolf announced last evening that there would be services every afternoon at 2:30 o'clock, and a special thanksgiving meeting on Thanksgiving afternoon.

Bathing the Stomach.

Nature's Laboratory at Work
2,863 Feet Below the
Earth's Surface.

We realize the value of soap and water for the outward surface of the body. We know that we must keep the skin clean in order to keep it in health. We have another skin that we don't think so much about because we do not see it. But it is there, lining every part of the inner surface of the body. While this inner skin—our mucous membrane as it is called—is of different texture than the outer skin, and while it has different duties to perform, it cannot perform them properly unless it is kept clean.

What good soap does for the outer skin, Alma-Bromo Salt does for the inner skin. It thoroughly cleanses the mucous lining surface of the stomach and bowels, increases the action of the liver and kidneys, removes all of the decaying matter and poisonous secretions from these vital organs which would otherwise be taken up by the blood and make the whole body sick. Alma-Bromo Salt is the result of evaporation of the water from the celebrated Bromine Spring—the strongest bromine spring in the world—over half a mile deep, at Alma, Mich., and has been in use at the world-famous Alma Sanitarium for more than ten years. It is a new untried medicine; it is no artificial product; it is Nature's own remedy, sent up for man's use from nearly 3,000 feet below the earth's surface.

Alma-Bromo Salt can best be described in a very brief way as a perfect Tonic Laxative, performing its work gently on the stomach and bowels, relieving the liver and kidneys of most of their burdens and giving new tone to the nerves. And in addition to all this, it is most agreeable to the taste.

DYSPEPSIA

Dyspepsia is called the "American Disease," as it is said to attack more residents of this country than any other. Americans live too rapidly—are always too hurried to give proper attention to the selection of food and to take the time to eat it. If you have an especially distressed condition of the stomach after eating, an inability to partake of the lightest meal with perfect freedom from a "crowded feeling" in the stomach immediately afterwards, belching, irritability and a generally disturbed mental condition, you have Dyspepsia.

If your heart palpitates, flutters, or you are short of breath, have smothering spells, pain in left side, shoulder or arm, you have heart trouble and are liable to drop dead any moment.

Major J. W. Woodcock, one of the best known operators in the country, dropped dead from heart disease recently at his home in Fort Wayne, while mowing his lawn. —The Press.

Mrs. M. A. Birdall, Watkins, N. Y., whose portrait heads this advertisement, says: "I write this through gratitude for benefits I received from Dr. Miles' Heart Cure. I had palpitation of the heart, severe pains under the left shoulder, and my general health was miserable. A few bottles of Dr. Miles' Heart Cure cured me entirely."

CORONER LEARNED LITTLE

**ABOUT THE DEATH OF JACOB
STEINBRENNER.**

Bluffton Official Has Turned the
Whole Matter Over to the
Grand Jury.

Bluffton, Ind., Nov. 26.—Coroner W. W. McBride yesterday held an inquest to determine if possible the manner in which Jacob Steinbrenner, the aged veteran, came to his death. Mrs. Amanda Masterson, of Vera Cruz, testified that on the Tuesday that Steinbrenner was found on East Wabash street she had seen him come from the front door of one of the saloons on East Market street with blood on his face. She did not know which saloon he came from, but said he came out alone and went east. Ed Stout told of the old man having been in his place of business on the afternoon of that day. He slept on some beer cases for a time and then committed a nuisance in the room for which he was ejected. In putting him out Ed said that he did not use force but simply took the old man by the arm and led him part way to the door. At that time he had no blood on his face and it was apparent that he had not been wounded as he was leaning against the wall on the left side of his head, the side on which he was hurt. Herbert Gearhart and Ezra Masterson corroborated Stout's evidence and both were positive that Steinbrenner was not injured in the Stout saloon. He was ejected from there at 3 o'clock according to their testimony and it was at 3:30 that he was found lying on East Wabash street. William Patney, George Buckles, Jack and John Masterson also testified to having seen the old man at different times, but none of them could tell anything about the cause of his injuries. Coroner McBride submitted the evidence to the grand jury and that is very likely the last of the Steinbrenner case.

To cure the most desperate rheumatism or catarrh take Botanic Blood Balm (B. B. B.) the wonder of the age. Cures when all else fails. It kills the poison in the blood and gives a pure, healthy blood supply, stopping all gnawing, shooting aches and pains in the bones, joints, back, and reduces all swellings. Hawking, spitting, dropping in the throat, of the mucous membrane, quickly disappear, thus making a perfect, permanent cure of the worst rheumatism or deep-seated catarrh. B. B. B. especially advised for old, obstinate cases. Druggists, \$1 Trial treatment free and prepaid by writing Dr. Gilliam, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. Sold by Ranke & Nussbaum, 88 Calhoun St.

NOT A CHEERFUL PROSPECT.

(Bluffton News.)

Every Monday morning fifteen traveling grocersmen from Fort Wayne come to Bluffton over the Lake Erie. This morning they nearly failed to make connections. A blue on the engine burst a half mile north of Ossian, and the train stopped dead for two hours. Finally the local freight pulled along and the engines were changed. All the traveling men were cooped up in a small smoker near the engine, and one of these days they expect an explosion that will cause about fifteen Fort Wayne families to wear crepe.

QUININE FOR COLDS.

Many people who use quinine for the cure of colds say that the effect of this drug is more disagreeable than the disease. Krause's Cold Cure is prepared in a convenient capsule form and will cure the most deeply seated cold in 24 hours without any interruption to business. They are pleasant to take and give you a clear, fresh sensation while operating. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

The Muncie, Hartford City and Fort Wayne Electric Traction company, which has begun work on its grade near Muncie, can secure no laborers. It has canvassed Delaware county and so far has been able to recruit but twenty-five laborers and

GIRLISH FIGURES

**HOW MARRIED WOMEN MAY
RETAIN THEM.**

Bodies, coming to the extent of sweetness, grace and symmetry, often lose these powers when nature in its period of gestation imposes upon them the duty of child-birth.

Properly understood, motherhood is a season of pleasant anticipation. Only in rare cases is it a wide-spread source of suffering, without artificial aid and worthy a trial.

A limitation for outside use, is preferable to anything else.

It is a fact that the period of pregnancy will soothe and relax the tissues, soften the muscles, and make elastic tendons and supple joints.

This celebrated liniment removes stiffness and promotes expansion of the fibres when under strain. It is a machine of flesh, muscles and bones.

And Mother's Friend is used for the purpose of lubricating the parts taxed during pregnancy. It can work no injury to mother or child. It is applied externally to the abdominal region. Its effect is to soothe and soothe a trial.

thirteen teams. After ten days' work only a mile and a quarter of the road has been graded.

The chief reason that the company has been unable to get men and teams is because the farmers along the route demand too much for board and lodging, \$4 a week being the medium rate. Men say they can no longer afford to pay it and support their families in the city, when they can earn as much money in the city and live at home.

The Big Four and L. E. & W. railroads in that city are also short of men and are willing to pay \$1.50 a day. At the rate the graders are now progressing they will be three months in reaching Eaton, twelve miles north, and will not reach Hartford City for a year.

HELLER'S TESTIMONY.

Albert Heller, living at 1114 Farmington St., Omaha, says: "I have tried most everything that is used as a preventive or cure for headache, but nothing did me so much good as Krause's Headache Capsules. Other who have used them say the same thing." Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

TOURIST CARS ON THE NICKEL PLATE ROAD.

Semi-weekly Transcontinental Tourist Cars between the Atlantic and Pacific coasts, are operated via the Nickel Plate road and its connections. Tourist cars referred to afford the same sleeping accommodations with same class of mattress and other bed clothing that are provided in the regular Pullman Sleeping Car service. These Tourist Cars leave Boston Monday's and Wednesday's, and leave San Francisco, Tuesday's and Friday's. THE MARKETS.

Chicago, Nov. 26.—Lower cables brought a decline of 1/2 to 1/4 in December wheat. The opening with prices at 72 1/2 to 72 3/4. Offerings were on a liberal scale and heavy receipts, especially in the northwest, increased an earlier feeling. The outside market was sellers here, but this pit took no offerings well and the selling pressure all off shortly after the opening. A fair scattered demand sprang up in its place and he pit took on a firmer tone, though prices continued to hover around opening figures. Local receipts were 101 cars, 21 of contract grade. Minneapolis and Duluth received 103 cars, making a total for the three cities of 1,365 cars, against 1,369 last week and 770 a year ago.

Corn opened steady notwithstanding lower bids and larger receipts that were casted. December started 1/2 to 1/4 lower at 62 1/2 to 62, but the offerings were still small and the demand fairly active, though still local. The effect of yesterday's softening could be seen in this pit, but prices began to advance soon though slowly. At the end of the first hour December sold at 62 1/2. Receipts were 94 cars.

December oats opened a shade lower at 50-50 1/2. The early demand was scattered and unimportant and prices sagged to 42 1/2. Receipts were smaller than estimated—314 cars—and a better demand began to spring up. The market, which yesterday had been worked by the advance in prices and consequent profit-taking, began to grow general, and prices reacted slowly.

Provisions opened lower in spite of higher bids for hogs and small offerings, but soon acted and held steady. On a fair commission house demand January pork opened lower at \$15.12 1/2, and advanced to \$15.80; January lard 2 1/2 down at \$9.10; it regained the loss, and January ribs 2c over at \$8.05 and sold to \$8.07 1/2.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio by J. C. Cheney & Co. Testimonials free. Sold by Druggists, price, 75c. per bottle. Hall's Family Pills are the best.

BIG STRIKE IS ON

SWITCHMEN IN PITTSBURG
HAVE QUIT WORK.

INCREASED WAGES WANTED

THE FORT WAYNE ROAD NOT
AFFECTED BY STRIKE.

DETECTIVES ON THE GROUND

BOTH SIDES CONFIDENT OF WIN-
NING OUT.

Pittsburg, Pa., Nov. 26.—A strike for increased wages of all switchmen belonging to the Switchmen's Union of North America in the Pittsburgh district was inaugurated this morning. Reports have not been received from all the yards, but the officials of the union say it affects every road entering Pittsburgh except the Pittsburg, Fort Wayne and Chicago and St. Louis, and all private individuals and corporations. There are between six hundred and one thousand members of the local organization and the union officials claim that the response was general.

In their demand the switchmen asked for the enforcement of the standard scale of wages. This calls for 27 cents an hour for day foremen and conductors, the night men to receive two cents more per hour, their work being more difficult and dangerous. Under the new schedule the day helpers and brakemen are rated at 25 cents an hour and the night men at 27 cents. The switchmen claim that the tonnage handled by them in this city is much greater than that handled by other men in other cities.

Whether the strikers will secure the support of other railroad men cannot be learned at this time. The officials of the union claim the other railroad organizations cannot, if they adhere to the principles laid down by their organizations, conscientiously oppose them. It has been stated by W. G. Lee, first vice master, that the Brotherhood of Trainmen is not in favor of the strike and will not endorse it.

EFFECT IS WIDESPREAD.

It is learned that the strike not only affects Pittsburgh, but McKees Rocks, McKeesport, Braddock and adjacent territory. Its influence will probably be visibly felt by mill owners throughout the state. Following the big steel strike so closely the present trouble is quite likely to interfere materially with shipments. But the railroad officials believe they will be able to cope with the situation, and that with the assistance of the brotherhood traffic will not be materially affected. There has not, however, been a time in the history of the city when traffic in and out of Pittsburgh was so heavy. The yards are badly crowded now. The strikers say they are overworked on this account and that they are forced to work overtime to keep cars in motion.

THE FORT WAYNE NOT IN IT.

The Switchmen's union does not have members in the Pittsburg, Fort Wayne and Chicago and Pittsburgh, Cincinnati, Chicago and St. Louis yards and business was reported as going on as usual there.

Special trains with detectives arrived from the east and west last night and the detectives are on duty about the yards today. The newcomers are a silent lot and it is impossible to get them to talk. None of the officials would say anything about the men and it is possible many are switchmen instead of detectives.

INJURIES MAY BE FATAL.

Franklin Pequinot, residing in Perry township, received injuries in a fall from his hayrack on Sunday, that may result fatally. Mr. Pequinot was getting down hay to feed his horses and accidentally fell through a trap door, falling a distance of nearly fifteen feet. His right arm and three ribs were broken, and it is believed that he sustained severe internal injuries. Mr. Pequinot is a pioneer resident of Allen county and is very well known and highly respected. The severe nature of his injuries, together with his advanced age, make his recovery a matter of doubt.

TELEPHONE MEN MEET.

Representatives of three telephone companies are in session at the offices of the National Telephone and Telegraph company this afternoon endeavoring to arrange a system of

tariff arrangements between the three of interests. Those present include H. H. Robinson, of Cleveland, representing the United States Telephone company; H. D. Sale, of Indianapolis, representing the new long distance company, and G. F. Trier, of the National company.

IN A HEAD-ON COLLISION

THESE TWO DIVORCE SUITS ARE
APT TO MIX.

William Shotemeyer, Who Has Com-
plaint Pending, Summoned to
Kansas in Wife's Case.

Sheriff Stout today received an order commanding him to summon William R. Shotemeyer to answer in the Russell county court, Kan., on or before the 25th day of January next, to complain for divorce preferred by his wife, Annie Shotemeyer. The summons was dated on the 22nd of this month. On September 18 of this year the defendant in this case filed a petition for divorce from Annie Shotemeyer, in the superior court of this county. In his complaint the plaintiff averred that his wife had left him and gone to Russell, Kan., where a man of whom she was enamored resided. He alleged that in his presence she frequently sat on the other fellow's lap and allowed him to caress her in an unseemly manner; that she told him she did not love him and that she would not live with him, and preferred the society of the other fellow. Just what will happen when these two divorces meet in a head-on collision is a matter of conjecture to Mr. Shotemeyer and his friends.

THE COURT NEWS.

Anna B. Larimore has qualified as guardian of the minor children of the late Eli E. Larimore.

Sheriff Stout has arranged for a Thanksgiving dinner for the inmates of the jail. The bill of fare will include turkey, cranberry sauce and mashed potatoes. In addition each of the sheriff's deputies will have a family turkey at the sheriff's expense.

The supreme court today denied the application of Samuel R. Alden to transfer the case in which Martin Blum, an administrator or executor, was the original plaintiff.

The case of Dickey vs. Hanna went to the jury yesterday afternoon and this morning returned a sealed verdict finding for the defendant.

The case of the American Soda Fountain company vs. James Fox is on trial in the superior court before a jury.

The circuit court will be in tomorrow and will hear the evidence in the case of McDonald vs. Didier, the only case on the calendar for tomorrow.

The transcript in the case of Spice vs. Shane, appealed from France's court, has been filed in the circuit court.

The commissioners will meet again tomorrow to transact miscellaneous business.

LOCAL LINES.

Miss Flossie Haines, of Avilla, will spend Thanksgiving with friends in the city.

Fort Camp, Royal Neighbors of America, will give a private masked ball in their hall Friday night.

Mrs. G. H. Schack will entertain the Sewing society of St. Paul's Lutheran church tomorrow afternoon.

Tomorrow evening the local lodge of Loyal League will wrestle with the question of "Old Line vs. Fraternal Insurance."

The Lake Shore freight house will be closed all day Thursday on account of the holiday. Local freight trains will be annulled on that day.

Albert M. Ringle, of the Pittsburg machine shop, will be united in marriage to Miss Anna Oswald, daughter of Mr. and Mrs. Joseph Oswald, tomorrow morning at 8 o'clock, the ceremony to be performed at St. Peter's Catholic church.

The International Business College will close Wednesday evening until next Monday morning to give out-of-town students an opportunity of spending a few days at home.

BURIED IN RUINS

SCORES KILLED AND INJURED
IN FACTORY WRECK.

TERRIFIC BOILER EXPLOSION

BUILDING REDUCED TO HEAPS
OF DEBRIS.

NO CHANCE TO MAKE ESCAPE

KNOWN DEAD ARE SIXTEEN
AND WILL BE MORE.

Detroit, Mich., Nov. 26.—At least half a hundred men who began their day's work in the factory of the Penberthy Injector company are victims of an explosion of the large boiler situated in one end of the structure in which they were at work. Of these sixteen are known to be dead and the bodies of several others are believed to be beneath the debris.

The boiler was located in one end of a three story brick building 54 by 100 feet in size. That structure was instantly and completely reduced to a mass of burning ruins. The only men on the first floor, which was largely utilized as a store room, were the engineers, firemen and some workmen who were making alterations. All of these were either killed or badly maimed. On the second floor were 75 finishers; on the third were 75 brass moulders. Just how many escaped from this building is not yet determined, but up to 1 o'clock 38 injured had been taken to hospitals and twelve dead bodies had been gotten out of the debris.

THE DEAD.

The known dead are:

John Frey.

Mike Ronger.

Stephen Crisp and thirteen unidentified bodies.

THE INJURED.

The injured are as follows:

T. D. Crowley, Wm. Begenman, Julius L. Lebetre, George Raymond, Fred Klein, Del Raymond, Lewis Miller, Michael Denagat, George Reichlin, Max Yurkewicz, Lewis Vozna, Willie Agor, Frank Rowcaski, Herman Goldner, John Huchern, A. T. Gridley, Anthony Walker, John Schiedille, William Knapp, John Hefflein, Herman Goldner, A. T. Gilday, one man unknown, James Hall, John Vogt, three unknown, John Dingle, Samuel Kolpe, Bert Dixon, Ignatius Brook, aged man known at the factory as "No. 64," Burt Martin, August Hendraen, Stephen Machigal, Gus Galley, Samuel Riley, engineer.

HARROWING SCENES.

The ruined building was separated from the other portion of the factory by an alleyway. A portion of the wall of the second building was blown in, but none of the inmates were seriously hurt. Samuel Riley, the engineer, was taken from the ruins an hour after the explosion. He had been pinned under a heavy shaft and beam, his face was cooked by the flames and he was badly injured. He was, however, still alive this afternoon, but unable, of course, to give any light on the cause of the disaster. The usual scenes of weeping relatives, of employees struggling to get close to the central point in the harrowing spectacle were enacted and for hours strings of ambulances were busy carrying away the victims.

A gang of public works employees worked at removing the hot debris as rapidly as possible and a great crowd of spectators was roped back from the vicinity, the intersection of Abbott and Seventh streets. The bulk of the sufferers were rushed to Emergency hospital four blocks distant. Their injuries ranged from slight to probably fatal.

BOILERS WERE INSPECTED.

Hugh Guy, city boiler inspector, says that his office force inspected the boilers in the Penberthy plant on July 5 and 17 last. There were four boilers in the plant, two horizontal and two uprights. They were in use on alternate days and supposedly were well cared for.

While the number of missing has narrowed somewhat this afternoon, it is certain that several bodies are still undiscovered.

The property loss amounts to \$150,000; insurance, \$70,000.

WILL WED TONIGHT.

The marriage of Miss Bertha Jackson and Charles Lang will occur this evening at 7 o'clock at the home of the bride, 2077 Fairfield avenue, Rev. Dr. D. W. Moffat officiating. The attendants will be Miss Elsie Jackson, a sister of the bride, and Fred C.

Lang, of Paducah, Ky., a brother of the groom. The young couple will take up their residence in a new home on Fairfield avenue.

REV. DR. MCGAW'S SERMON.

Rev. J. A. P. McGaw spoke at the Third Presbyterian church last evening on "Man Lost." He took for his text Luke, 19-10, "The Son of Man is come to seek and to save that which was lost." He said that the very fact that Christ came to save the lost was sufficient proof that man was in a lost condition. If he had been able to save himself there would have been no need that Christ should come to this world as a Savior. The whole race of man is fallen. The stream of humanity was poisoned at the fountain. The taint of sin is in the blood. Every human being who has come to the age of moral accountability has repeated the transgression of Adam. The Scriptures teach that men are by nature dead in sin and can only be raised to life by the power of God. There was a very good attendance at the meeting. The subject of discourse tonight will be "Man Sought."

ABOUT THE CITY HALL.

The water works trustees, the mayor and the council committee on water works met last evening in joint session to read Engineer Holt's two-thousand-dollar report and to incidentally inquire concerning things of Mr. Holt himself, he having notified the authorities that he would be here without fail last night. After waiting and waiting and waiting, like the girl in the gloaming, and Mr. Holt still failing to put in an appearance, the meeting adjourned, each member carrying away with him a concentrated opinion of Engineer Holt that would not work well through an ordinary newspaper press. The council committee, in the absence of the report, concluded to recommend to the council tonight the conclusions of the citizens' committee and the trustees and endorse the steps already taken. When Engineer Holt's famous \$2,000 document finally comes to hand it will be a very handy thing to cut into strips and twist into cigar lighters. Rather expensive, to be sure, but some good should be got out of it.

J. M. Henry has been granted a permit to erect a house on Jefferson Park addition, to cost \$2,500.

The council will meet in regular session this evening. Since the whole interurban proposition has been ditched the councilmen won't have much to do until the meadow larks come again.

With the approach of winter the business of the board of works at regular sessions grows proportionately lighter. At the session yesterday nothing of new importance was presented. The assessment roll for the alley improvements from Ewing to Fulton street, between Wayne and Washington, was approved and an application was received, but not acted upon; from Superintendent McKim, of the Pennsylvania road, asking for permission to lay an additional track on its right of way across Fairfield avenue. The board decided to ask for an additional appropriation of \$500 to be used in placing the streets in first class condition before the winter sets in. It will probably be remembered that last winter the streets were in a filthy and consequently terrible sanitary condition during all the winter and that there was not more malarial disease was pure good fortune and not owing to the absence of the natural causes.

RECEIVE THE FIRST DEGREE.

Twenty-five candidates received the first degree in Knights of Columbus hall last evening and the exercises were followed by a social session and refreshments. An impromptu program was given, and addresses were made by Hon. W. P. Breen, Rev. P. J. O'Reilly and Rev. Thomas Mungovan. Attorney Charles Niezer responded in behalf of the candidates. The Knights will confer the first, second and third degrees on a big class of candidates on January 26, and delegations from surrounding cities will take part in the ceremonies. It is probable that some of the supreme officers will be present.

FATHER BALL HERE.

Rev. Germain Ball, a director of St. Vincent's college at Latrobe, Pa., is in the city for a few days the guest of his mother on West Main street. Father Ball is a former resident of this city, and is very well known here. As a director of St. Vincent's college he occupies an official position in one of the greatest of the Catholic educational institutions of America.

W. T. ABBOTT DEAD

FORMER COUNTY AUDITOR EX-
PIRED THIS MORNING.

WAS A PIONEER MERCHANT

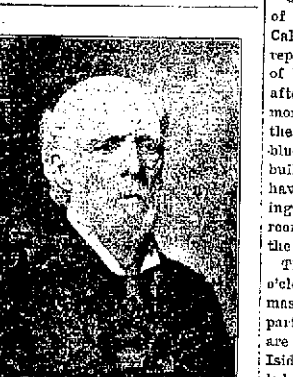

WHO CAME TO FORT WAYNE AT
AN EARLY DAY.

LONG A PROMINENT CITIZEN

HAD BEEN IN FAILING HEALTH
FOR SEVERAL YEARS.

William T. Abbott, a pioneer merchant, ex-auditor of Allen county and for many years a widely known citizen, died at 8:30 o'clock this morning at his home, 155 Ewing street, at the age of 73 years.

During many years of his career Mr. Abbott was a prominent citizen of this city, but with advancing age

WILLIAM T. ABBOTT,
Pioneer Merchant and Former County Auditor, Who Died Today.

came impaired health and during the past few years he has been living a life of quiet retirement. Five years ago Mr. Abbott suffered an attack of apoplexy, and since that time he has been in frail health. During the past few months his decline had become more pronounced, and friends have for some time realized that the end could not be long deferred. The aged man was able, however, to be about the house and to take occasional short walks until but a few days ago. Saturday evening he retired to his bed, never to rise again, and sank into an unconsciousness that ended in his peaceful death this morning.

Mr. Abbott had been a resident of Fort Wayne for considerably more than forty years. He was born at Farmington, Maine, May 2, 1828, grew to manhood there and was united in marriage to Miss Brenda Whittemore. He learned the dry goods business and for a time engaged in mercantile pursuits at his birthplace. Finally, possessed of a desire to locate in the western country, he came with his wife and child to Fort Wayne, making the trip from Toledo by stage, reaching this city about 1858. He was for a short time employed as a clerk for G. W. Ewing, and then engaged in the dry goods business upon his own account. His store on Columbia street is well remembered as a prominent mercantile establishment of its day. Some time later he formed a partnership with Wade Shoaff, the firm becoming Abbott & Shoaff, and continuing for a number of years.

WAS ELECTED AUDITOR.

Politically Mr. Abbott was a democrat, and he took an active interest in the politics of the county for many years. He made the race for auditor of Allen county a number of times, and at the October election, 1874, was successful, taking his seat the month following, and serving one term in this capacity.

Soon after his retirement from official position Mr. Abbott began the development of a mineral well upon an extensive tract of property which he owned just east of the city, and erected there what became the Abbott sanitarium, but disposed of his interests in this property a number of years ago. During the later years of his business life he was engaged in the real estate business, a portion of the time associated with Messrs. Emme and Carrier. The Abbott residence was for many years on Berry street, and later the family lived for a short time in the country, soon returning to the city.

Mrs. Abbott died about ten years ago. The surviving children are Mrs. Charles H. Cannon, of Milwaukee; Mrs. C. P. Merrill, of Farmington, Me.; F. H. Abbott, of Walla Walla, Wash., and Miss Mattie G. Abbott, of this city, with whom the

father has been living. Mr. Abbott was a devoted member of Trinity Episcopal church, a man of kindly heart and sterling integrity, and throughout his life enjoyed the friendship and esteem of all who knew him. The older citizens, who knew him best, held him in particularly high regard, and previous to the breaking down of his health some years ago he was prominent and active in all the affairs of citizenship.

The daughter, Miss Mattie, was the only member of the family present at her father's bedside when death came, and the funeral arrangements will not be announced until absent relatives can be communicated with.

COME FOR THE DEDICATION

MASONIC GRAND OFFICERS IN
FORT WAYNE

Evening Mark an Epoch in
the Fraternity.

Grand Master O. W. Brownback,

of Pendleton, and Grand Secretary Calvin W. Prather, of Indianapolis,

representing the Indiana grand lodge of Masons, arrived in the city this afternoon to officiate at the ceremonies incident to the dedication of the magnificent new quarters of the blue lodges in the Masonic Temple building. Several thousand dollars have just been expended in completing and furnishing the new lodge rooms and they are said to be among the finest in the state.

The ceremonies will begin at 8 o'clock this evening and the grand master will preside. Others who will participate in the official ceremonies are the grand secretary, Mr. Prather, Isidor Potlitzer, master of Wayne lodge; Dr. J. W. McCausland, master of Summit City lodge; E. F. Liebman, master of Home lodge; H. I. Smith, master of Sol. D. Bayless lodge; Oliver A. Phelps, grand marshal; Dr. C. B. Stemen, grand chaplain; E. D. Jump, grand tyler; Mansford Smick and Col. C. B. Oakley, deacons; G. H. Wilson, grand treasurer.

Following the dedicatory ceremonies will come a banquet, at which Hon. Edward O'Rourke will preside as toastmaster, and among those who will respond are Congressman Robinson, William Geake, the grand master and others prominent in the fraternity. The Linden quartet will sing during the evening.

WILL HAVE BRANCH HERE.

Charles S. Sixby, of Bluffton, has closed a lease of the three upper floors of the Seidel building, on Calhoun street, and will establish a branch of his glove and mitten factory here. Mr. Sixby will occupy but one floor of the building, and will install between sixty and seventy-five machines, to be operated by electricity. The cutting will be done in Bluffton, Indiana, and the material will be sent here to be sewed. Mr. Sixby expects to remove his factory here within a few years, as he cannot secure a sufficient number of operatives in Bluffton.

REV. W. E. WIGHT'S MEETINGS.

Rev. W. E. Wight, of Kalamazoo, Mich., is conducting a three days' series of afternoon and evening Bible meetings in the Berry street M. E. church. The topic yesterday afternoon was "Working With Christ," and the evening theme was "Philadelphia," from the book of Revelation. This afternoon Rev. Wight spoke on "Persecution For Christ," and his subject tonight will be "Lauda." "The Power of Prayer," is the theme for tomorrow afternoon, and the closing subject from the book of Revelation will be "Heaven." The meetings are well attended and are proving very successful.

TWENTIETH ANNIVERSARY.

The Ladies' Sewing society of St. John's Lutheran church, corner of Washington and Van Buren streets, will celebrate the twentieth anniversary of its organization on Thanksgiving day. Services will be held in the school hall in the afternoon at 2:30 o'clock and Rev. Weiss, of Delphos, O., will preach. A turkey supper will be served in the hall at 6 o'clock, and in the evening there will be a musical program. A number of the charter members of the society are living, and they will take a prominent part in the services. The congregation of Grace Lutheran church, on the south side, will participate.

Dr. Charles Barnett was called to Arlington, O., today, in consultation.

IN COLON HARBOR

COLOMBIAN GUNBOAT PINZON
REAPPEARS.

HAS LANDED HER TROOPS

WHICH HAVE GONE TO REIN-
FORCE ALBAN.

RECENT FIGHTING FIERCE

BOTH SIDES LOST HEAVILY AT
EMPERADOR.

Colon, Columbia, Nov. 26.—The Colombian gunboat General Pinzon reappeared in Colon harbor this morning. Her commander said there were only 100 men, out of the original 600 troops carried by the vessel, now on the gunboat. The others had been landed at Porto Bello, about ten miles distant from Colon. The presumption is that the 500 men are marching overland to join the government forces under General Alban, now at Mamei. The ground they have to cover is difficult and the troops will doubtless occupy a few days in reaching their destination.

The Panama railroad steamer Orizaba, from New York November 19, arrived at Colon this morning, having on board about 100 marines, who are to relieve the dime-expired men of the United States battleship Iowa, now at Panama. The marines were embarked on board a train and were taken to Panama.

The liberal forces control San Pablo station and Barbuca, where there is a long iron bridge over the Chagres river. This is a critical point, offering the liberals a splendid point of attack should the government forces attempt to cross the bridge. It is generally admitted that if General Alban succeeds in crossing the river at Barbuca his march toward Colon will be an easy task. General Lugo, the liberal commander, is at Barbuca.

The liberals retreated from Emperador owing to lack of ammunition. They admit having lost sixty men in killed and wounded at Emperador, and that among the number was Colonel Oyas, but they claim that the government loss was over 150 men in killed and wounded.

The armored train which went over the railroad yesterday having on board Captain Perry, of the Iowa, and machine guns and flying the American flag, was sent as a demonstration force and will not be continued daily. Passenger trains, however, will still carry a guard. Transit across the isthmus is open.

HAD A TON OF PIGIRON.

Luke Lavanway, a youth who was recently arrested in connection with the burglary of Charles Buhr's east end grocery, was arrested again this afternoon, charged with the theft of a quantity of pigiron from a Nickel Plate freight train. The pigiron was thrown from the cars last Saturday night and officers have been at work on the case since. This afternoon the stolen metal was located at the corner of Coombs and Liberty streets and Lavanway arrested. The young man had been enjoying his liberty on probation since the Buhr job. He is now locked up. The pigiron was carried to the police station.

Next Sabbath is the first Sunday in Advent, and there will be special services in the Catholic and Lutheran churches.

FINE DISPLAY OF PICTURES

ANNUAL ART EXHIBIT OPENED MONDAY EVENING.

Wayne Club Walls Resplendent With
the Work of Many Famous
Artists.

Under the auspices of the Fort Wayne School of Art the annual art exhibit opened Monday evening, and many visitors thronged the rooms of the Wayne club to enjoy the splendid display of pictures presented by the Anderson Art company, of Chicago. The enlarged quarters makes possible a larger and more effective display than those heretofore given in the old library building, and the picture lovers will revel this week in a study of the work of many of the masters of art.

Nearly every room of the club building is utilized in the display, which is in charge of Messrs. R. R. Ricketts and Joseph Reinboth, of Chicago. In the ladies' reception room are a number of very beautiful pictures in oil. The most valuable works in the collection are hung in the club salon, effectively displayed against a background of deep red and many of them will be especially admired. The display of canvases in the ladies' parlor is a charming one, while the rooms devoted to water colors and representative work of the Dutch school are attractive. A magnificent portrait in oil of the late President McKinley is prominent in the library room, while another apartment is devoted to a collection of reproductions of some of the most famous paintings in the world. There is an unusually elaborate display of etchings, many of them of exceptional merit. In the ball room upon the third floor, the entire display is artistic and pleasing, and will amply repay a visit. The exhibit will be continued during the present week.

THE DEATHS. QUIFF.

Paul Quiff, a young man of Perry township, died at 7 o'clock Monday evening from lung trouble at his home seven miles north of the city. Mr. Quiff's age was 22 years, 6 months and 22 days. He had been in feeble health for some time, and but three weeks ago returned from a trip to the west, where he hoped to receive benefit.

Deceased was a son of the late Paul Quiff, who died about a year ago. The surviving relatives include the mother, two brothers and three sisters, Frank and Joseph, Mrs. Josephine Martin, Mrs. Clump Sordet, of this county, and Mrs. P. H. Tobey, of Muskegon, Mich.

The funeral services will be held Thursday morning from the Catholic church at St. Vincent.

FUNERAL ANNOUNCEMENTS.

Jully.—Funeral services of Louis Jully will be held Wednesday afternoon at 1:30 from the residence, 112 St. Mary's avenue, and at 2 o'clock from Trinity Lutheran church, Rev. Bohn officiating.

WEDDED AT AUBURN.

Miss Emma J. Campbell, of this city, and Charles Drake, of Michigan, were united in marriage at Auburn November 20, and went at once to Garrett, where they have begun housekeeping. The bride is well known in Fort Wayne, and has many friends. She was for several years an employee of the Foster Waist factory on Columbia street, and won the belt presented by the Fort Wayne Gazette to the young lady completing the greatest number of button-holes in a single day.

NEWS OF THE POLICE.

John J. Houlihan, of 119 Williams street, was arrested last night for drunkenness, was locked up on general principles and this morning was fined \$5 and costs for public intoxication. When sober he has the reputation of being a good fellow and a good workman, but when drunk he seems to charge all the evils of life to his family and becomes abusive. This was his first appearance in police court, although he has had previous trouble with the humane officer. Judge Lottitt in imposing the fine said that he had not much use

IS THIS SO?

FORT WAYNE PEOPLE CAN DECIDE.

You would not accept the word of an utter stranger as readily as that of a person whom you know. The following statement is made by a citizen, perhaps a neighbor. Read it:

Mrs. J. Sharping, of 161 High street, now living at the corner of Gay and Clayton streets, says:

"After trying many different remedies for my headache which was brought on by kidney complaint, I decided to give Doan's Kidney Pills a trial. I had read much about them and went to Meyer Bros. & Co.'s drug store and got a box. I could feel the effects of their use from the first dose, and at the end of a week my headache was all gone. I could sleep as well as ever and felt strong and well."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

for a man who abused his family and that if he ever came before him again he would double the fine and continue to double it in arithmetical progression every time he came before him, so that if he kept up his golf very long he would soon find himself enjoying a life of uninterrupted seclusion.

The case of the young man Fuchs was not called this morning, no appearance having been entered for him. A new warrant will have to be served.

Half a dozen young men out on a "hurry" picked up a lot of display crockery at Kaag's, on Columbia street, last night, and proceeded down street with it, breaking it against doors and throwing it into saloons. After their stock was exhausted they went down to Superior street, where they found a milk wagon in front of a repair shop. They upset that and were about to continue their depredations when Officer Elliott put in an appearance and the young men took to their heels. Only two of them are known, but the officers think they can identify the whole bunch, after which arrests will follow.

INSURED.

YOU insure your house against fire. You know what people would say if it burned down without insurance. They would say you were wanting in business sagacity, that you should have provided for this. Now leave house insurance and consider clothing insurance. Here the danger is even greater—not from fire, but from the chemicals and strong soaps used in the laundry. Wise women insure their finer, more delicate and perishable things against this risk, and the premium they pay is the trifling cost of Ivory Soap. That guarantees protection.

IVORY SOAP—IT FLOATS.

RETURNS FOR HOLIDAYS.

Congressman Robinson will leave Thursday evening at 7:45 o'clock for Washington to take up his official duties, but will return for the Christmas holidays at the close of the short session. Mrs. Robinson will not accompany him on the present trip, but will go to Washington with her husband on his return early in the new year. Mr. Robinson's mother will remain in Fort Wayne, as the Washington climate is not healthful for her.

Bald?

Then you starved your hair. What did you do that for? When you saw that your hair was falling out, why didn't you use Ayer's Hair Vigor? It feeds the hair, gives it vigor, stops it from falling, makes it grow, and always restores color.

"I was almost bald before I began using Ayer's Hair Vigor. In a short time my hair all came in again, and now it is thick and heavy."

DISCARD THE BOTTLE.

Keep the Spoon for Better Use.

The bottle and spoon are no longer a part of the traveler's outfit. Every traveling man and every person taking a trip for pleasure or business knows well the disagreeable features of carrying in the grip or trunk a bottle of medicine, such as soiled or ruined clothing, stained hands, sickening odors, often disgusting everyone near, and will herald with pleasure the advent of Peptorene, the Health Tablet.

As the name implies, Peptorene is in tablet form, nicely coated and flavored, of a convenient size to swallow with or without water, and are put up in a neat, attractive box, easily carried in the vest pocket or hand bag. If you are suffering from dyspepsia, constipation or liver trouble try a box of this new and popular remedy, Peptorene, 25c per box. Write for free trial treatment. Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Mich.

The submarine torpedo boat Fulton's feat of remaining on sea bottom for fifteen hours is worth remarking, but it should be borne in mind that Hon. Adlai Stevenson's boat has been below the surface a good deal longer than that.

The difficulty Indiana's two United States senators are having in coming to agreement upon some one to recommend for appointment to the United States circuit judgeship made vacant by the death of William A. Woods could be admirably settled by choice of Judge Robert S. Taylor, of this city.

The board of works have asked for \$500 to put the streets of Fort Wayne in condition before winter settles down and makes street cleaning impracticable. There is sense in the demand for money. The streets need cleaning badly and the work ought to be done as soon as possible. And while the board has this matter near its heart, it might go another step and make an effort to get some of the more filthy of the alleys cleaned. This is especially necessary in the downtown district where debris and filth accumulate rapidly. Some of the alleys in the

business district are in a very dirty condition.

Sir Thomas Lipton has announced that if no other British yachtsman cares to try it he will make another essay to life the America's cup. As long as Sir Thomas appears willing to pay the price of such attempts, other British yachtsmen will doubtless be willing that he shall have the opportunity and all the glory it may yield. Meanwhile, Americans will always be glad to welcome Sir Thomas, whether he be cup-hunting or on any other errand.

A RICH STRIKE.

NO MINER EVER MADE SO RICH A STRIKE, SO PREVIOUS TO RESTLESS SLEEPLESS ONES AS DR. A. W. CHASE'S NERVE PILLS.

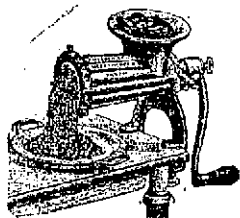

Inability to obtain refreshing sleep is the bane of many lives. The first and only medicine known to medical science that overcomes this trouble is Dr. A. W. Chase's Nerve Pills. There is a multitude of attending symptoms that vanish when restful sleep is obtained—morning languor—exhaustion on exertion—flagging appetite—poor digestion—palpitating heart—trembling hands and limbs—restlessness—irritable spells. It is easily understood why Dr. A. W. Chase's Nerve Pills dispel the symptoms when you consider their unequalled power, in restoring broken nerve circuits.

Mr. W. H. Green, of No. 76 Lafayette street, Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills are excellent. I was debilitated, nervous, appetite flagging and felt below my usual standard of health. The Nerve Pills, however, that I got at Mayor Bros & Co.'s drug store, No. 14 Calhoun street, proved to be just what I needed. I find my appetite good, nerves steady, sleep restful and a general feeling of well being and energy in evidence. I am very much pleased with the medicine as a nerve and general tonic and glad to say so."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

ATTRACTIVE CHRISTIANITY

SUBJECT OF EVANGELIST BIEDERWOLF'S SERMON.

Christian Characteristics That Go With Christian Acts for the Salvation of Souls.

Bethany Presbyterian church was fairly well filled last evening and Evangelist Biederwolf preached a logical sermon, taking as his text a portion of Luke 14-23, "Go out into the highways and compel them to come in." He said in part:

"A certain rich man prepared a feast and bade his friends come. They with one accord commenced to excuse themselves, and the host, becoming disgusted, bade his servants go out and bring in the people off the street to partake of the feast. God has prepared a feast of grace and love and His servants must go out into the highways and compel people to come in and partake of it. Christian activity and service can compel people to come to God. There are two kinds of saints in the world. One shuts himself up in cloister and cell and is wrapped up in himself, and the other goes out amongst the people and takes their troubles upon himself. We should borrow trouble. The time comes when every soul needs human aid and sympathy and that is the time that the trouble should be borrowed. There is too much cold formality in the churches of today and many are driven away because they are not made welcome. The church should be made attractive.

"Now, about Christian character. In the seventh chapter of John Jesus says, 'Out of the man who believes in Christ would flow streams of living waters.' The Holy Spirit in that man's soul overflows and goes out in rich moral influence. Your influence on those about you is wide. You can help a man, either up or down.

"Christian cheerfulness is a characteristic which will be helpful in bringing souls to Christ. Do not look on the dark side of things. A happy, cheerful disposition and a smile and a helping word for others in time of trouble may do more toward the redemption of a soul than a dozen sermons."

The music at the evening meetings is a feature worthy of special mention. The singing evangelist, Harry Maxwell, has a fine tenor voice and his singing is full of expression. He is ably supported by the chorus choir, composed of about twenty-five young people, under the instruction of Prof. Miles.

Evangelist Biederwolf announced last evening that there would be services every afternoon at 2:30 o'clock, and a special thanksgiving meeting on Thanksgiving afternoon.

Bathing the Stomach.

Nature's Laboratory at Work 2,863 Feet Below the Earth's Surface.

We realize the value of soap and water for the outward surface of the body. We know that we must keep the skin clean in order to keep it in health. We have another skin that we don't think so much about because we do not see it. But it is there, lining every part of the inner surface of the body. While this inner skin—or mucous membrane as it is called—is of different texture than the outer skin, and while it has different duties to perform, it cannot perform them properly unless it is kept clean.

What good soap does for the outer skin, Alma-Bromo Salt does for the inner skin. It thoroughly cleanses the mucous lining surface of the stomach and bowels, increases the action of the liver and kidneys, removes all of the decaying matter and poisonous secretions from these vital organs which would otherwise be taken up by the blood and make the whole body sick. Alma-Bromo Salt is the result of evaporation of the water from the celebrated Bromide Spring—the strongest bromide spring in the world—over half a mile deep, at Alma, Mich., and has been in use at the world-famous Alma Sanitarium for more than twenty years. It is no new untried medicine; it is an artificial product; it is Nature's own remedy, sent up for man's use from nearly 3,000 feet below the earth's surface. Alma-Bromo Salt can be described in a very brief way as a perfect Tonic Laxative, performing its work gently on the stomach and bowels, relieving the liver and kidneys of most of their burdens and giving new tone to the nerves. And in addition to all this, it is most agreeable to the taste.

DYSPEPSIA

Dyspepsia is called the "American's Disease," as it is said to attack more residents of this country than any other. Americans live too rapidly—are always too hurried to give proper attention to the selection of food and to take the time to eat it. If you have an especially distressed condition of the stomach after eating, an inability to partake of the lightest meal with perfect freedom from a "crowded feeling" in the stomach immediately afterwards, belching, irritability and a generally disturbed mental condition, you have Dyspepsia.

NOT IN THE STRIKE

FORT WAYNE SWITCHMEN AT
PITTSBURG NOT AFFECTED.

TWO WRECKS LAST NIGHT

THREE CARS SMASHED AND
TWO OTHERS DERAILED.

"BLACKY" WILCOX IS ALIVE

WAS BADLY HURT, BUT NOT
KILLED AS REPORTED.

The strike of the switchmen in Pittsburg is on and the traffic of many of the lines entering that city is greatly impeded. News from Pittsburg is to the effect that the switchmen employed in that place by the Pittsburg, Fort Wayne and Chicago road are not affiliated with the union and are not at present affected in a direct way by the strike. If other roads are prevented from delivering or receiving freight from the Fort Wayne road it is quite likely the effects of the strike will be noticeable in the volume of business on the latter road and result in temporary idleness on the part of some of the switchmen, otherwise no trouble is apprehended. The Bass works and other manufacturers of Fort Wayne will be affected only so far as getting supplies and fuel from Pittsburg and shipping factory products through that city go. All the Fort Wayne concerns are pretty well fixed in the way of stock and fuel and could run a week or two without any embarrassment from that source. The telegraphic columns give the story of the strike.

MOTHER AND BABE

Sick mother—sick child!

That's the way it works when a mother is nursing her infant.

Scott's Emulsion is an ideal medicine for nursing mothers. It has a direct effect on the milk. Sometimes the mother is weak; her thin milk does not make the baby grow. Scott's Emulsion changes all that. The rich cod-liver oil in Scott's Emulsion feeds the mother and gives a flow of rich, nourishing milk for the baby.

The medicine in Scott's Emulsion not only strengthens the mother but goes naturally through the milk and strengthens the child.

Nothing to harm—all for good—Scott's Emulsion.

We'll send you a bottle to try, if you like.

Mr. and Mrs. David O'Rourke and son, formerly of Lima, O., who have been the guests of Engineer and Mrs. W. L. Scott, have gone to Chicago to reside.

Nickel Plate brakeman M. Devitt resigned his position this morning, making no statement as to the reasons. This will be a surprise to Mr. Devitt's comrades.

Engineers C. Sweeney and Timothy McCarthy and Fireman M. J. Roiley are sick. They are Pittsburg men. Brakeman W. J. Charters and Car Builder J. E. Bush are also sick.

Capt. E. Stoll, of the Pennsylvania police department, was called to Pittsburg last night on business for the company. He will probably remain in that city two or three days.

B. H. Mauk resumed his position in the Pittsburg tin shop this morning. He was absent over a week, first on account of the death of an uncle at Columbus, Ohio, and later to attend the Y. M. C. A. convention at Richmond.

Nickel Plate brakeman J. S. Dick reported for duty yesterday. For two weeks he was in the southwest, looking over the railway field with a view of possibly some day taking a job down there. He spent most of his visit at McAlister, I. T.

Purchasing Agent F. I. Brown and Clerk William Geiger assumed possession of their new office at the Pittsburg shops this morning and now have as neat and convenient quarters as any of the department heads at the Pittsburg.

Yard engine 221 has gone to the Nickel Plate shops to receive a new set of flues. Engine 62 takes the vacant place in the yards and engine 17 takes 62's place in the local service between this city and Leipsic.

Road engine 0 was gone to the shops also to receive general repairs.

Yesterday a gang of painters commenced painting the buildings at the Nickel Plate yards. The round house is the first to receive attention and then will follow the yardmaster's office and the general foreman's and the car repairers' shanty. It has been several years since the buildings were painted.

The lantern devised by Storekeeper E. Cox, of the Pittsburg, while not perfect in every detail, is a great improvement over the standard railroad lantern. The idea is to discover some method of preventing the flame in lanterns from going out while in the hands of the trainmen on top of a train when the wind is blowing at a high rate. In a four nights' test Mr. Cox's lantern was extinguished seven times, while one of the standard lanterns was extinguished nine-

teen times. The lantern was used like in each instance, showing conclusively that the device of Mr. Cox is a great improvement over other lanterns.

Dr. J. E. Bickensderfer, of Cadillac, Mich., is temporarily serving as assistant medical examiner for the Pennsylvania relief, a position he held several months ago. Dr. Bickensderfer, the present assistant, was married in Portsmouth, Ohio, today and he will return here with his bride tomorrow.

Conductor F. I. Stump and Baggage and Express Messenger George Adams, of the Findlay, Fort Wayne and Western road, are attending court at Ottawa, Ohio, today, being witnesses in a suit for damages against the company. Conductor A. L. Sheppard, of the local train, and Expressman Workman have charge of the passenger train in place of Messrs. Stump and Adams.

Wahnsch line men are engaged in putting up three new wires from Peru to Butler, via Fort Wayne, for use when the Butler line is put in service. At Butler the new telegraph lines will be connected with wires leading to Toledo and Detroit and all will be under the jurisdiction of Soupt. E. A. Gould.

After the line men string these wires they will take up the task of putting in a line from Peru to Tilton for the block system that will soon be started.

Engine 42 has been assigned to the scrap pile and thus ends the service of a locomotive which began with the building of the Nickel Plate and continued throughout the nineteen years of that road's existence.

For several years this old engine has been in the local freight service, where the work is not so heavy as in the through freight service, but she has even outlived her usefulness in that sphere. No. 42 was a Hinkley engine and the last of her kind on the western division of the road.

There were two wrecks on the Pittsburg road last night, neither being serious. The third section of train No. 75 ran into the rear of the second section at Warsaw and smashed the caboose and two cars and blocked the tracks two or three hours. Eastbound mail train No. 18 was back of the wreck and was detained one hour and a half. No body hurt. Another wreck was at Columbia City, where two cars of a freight train left the rails. The wreck car was at this scene when the order came to move to Warsaw.

It now transpires that Leroy Wilcox is not only alive, but is in a fair way to complete recovery. Two or three weeks ago Wilcox fell from his caboose at Hammond, Ind., and was badly injured. He was taken to the Kankakee hospital, where it was reported that he had died from his injuries. The injured man is still in the hospital, but he will soon be able to leave it for his home. He was employed on the Grand Rapids and Indiana road seven years ago, but was a conductor on the Indiana, Illinois and Iowa road when he met with the accident at Hammond.

The Adams Express company is increasing its force to correspond with the increase in business which that company is receiving. Agent Becker has advanced John I. Whitney to O. H. clerk and hired C. E. Haddell as bill clerk. He has also put another wagon in service, in charge of Thomas Griffin, making four wagons now in service. These additions are permanent. In a week or two seven or eight more men will be employed to work throughout the holiday season, swelling the force to twenty-two men. The indications point to the heaviest holiday trade in the history of the company.

The Sentinel was unofficially in-

formed this morning that it is the intention of President Woodford, of the Cincinnati, Hamilton and Dayton, to establish a commercial agency in Fort Wayne and be an active competitor to the other Cincinnati-Fort Wayne lines for business. While in the city yesterday, Mr. Woodford made inquiries of some of the business men, whom he met, concerning rents on Calhoun street for an office on the ground floor. It is also stated that the headquarters of Division Superintendent B. W. Fenton may also be transferred to Fort Wayne. As stated, this statement lacks authority from the Cincinnati, Hamilton and Dayton officials, but it is believed correct. While in the city yesterday President Woodford and party took breakfast at the New Avenue.

FOOTBALL ON THANKSGIVING.

Manager Hart, of the Library Hall team, has declared off the game to have been played Thanksgiving afternoon at Van Wert and the game between the Library Hall team and the All Stars, to have been played in the morning, will occur in the afternoon. The proceeds of the game will be devoted to charity and there should be a big turn out. The different charitable institutions will receive donations and it is expected that a neat sum will be realized. The All Stars will practice this evening in the usual place.

THANKSGIVING OFFER TO THE WORTHY POOR.

It is my custom every year to make the following proposition: I Dr. Charles Albert Zimmerman hereby make the following proposition: If three licensed ministers of any city or town will select a worthy poor person afflicted with cancer or tumor; or the governor of any state select three worthy poor persons and send them to me, I will cure them free of charge. All I want is the people to know the superior merit and absolute certainty of my Farrad Clay treatment for cancer.

with the digestion when it is poorly cooked or poorly served. This fact should be borne well in mind, since THANKSGIVING is near at hand. Just take a look about your kitchen, and make a note of the many little things that would save time and labor, and make that dinner and your food in general more appetizing. Then drop in here and see what a very little money it will take to buy them all.

Let us call your attention to roasters for instance. We have them in three different styles, at 85c, \$1.00 and \$1.25, according to size. Also molds for that Plum Pudding, pans for the Pumpkin Pie or numerous other articles all suitable and needed for that festive occasion.
